April 2018

FROM THE EDITOR

Happy April everyone! Although it sure doesn't feel like it!

As always, we have lots of news to share with you this month. Spring must be getting close, as the Duggan Community Garden's AGM is coming up on April 21. There is a great article in this issue outlining why you should consider joining or supporting the Community Garden.

Spring events are also popping up around the city. There is a Seniors' Spring Tea at the Valley Zoo on April 24 and 25, the Great Neighbor Race on April 28, and the Edmonton Bike Swap on May 12. I encourage you to visit edmonton.ca/attractions-events.aspx to see even more great events happening around the city.

The Duggan Community League Annual General Meeting will be held on May 7 at 7pm at the Duggan Hall. If you want to learn about and have a say in what is happening in our community, please attend this meeting! Elections of board members will take place at the AGM, and we are looking to fill some key positions including a Social and Events Director. I hope to see you there!

I am always interested from hearing from you. If you are interested in contributing an article on any topic, please drop me a line! Also, please send any notices or advertisements to the email address below by the 15th of the month for inclusion in next month's issue.

COMMUNITY NEWS

“To community garden or not to community garden? That is the question...”

My apologies to Shakespeare but that **is** a good question. It’s a question I once asked of myself.

One answer is that a community garden is a beautiful space to sustainably grow and harvest healthy organic food. The Duggan Community Garden is not only sustainable, but also enhances the beauty of our neighbourhood. Drop by the garden during the summer to see for yourself! The garden is located directly south of the Duggan Community League parking lot.

Another answer regards the matter of good economics. Who doesn’t like free? Community gardens make great financial sense. For a limited investment you get to grow tasty, nutritious food! What’s not to like?

Neighbourhood security is a concern for many communities. Community gardens increase neighbourhood security as more folks are moving about in the community. Also, having met new neighbours and friends, we are more likely to notice anything, or *anyone*, out of the ordinary. The more people moving about within our community discourage those whose intentions would be to do harm.

The Duggan Community Garden is a great place to meet neighbours and simply hang out. Folks can safely drop by to garden to sit on our

picnic bench and chat, have a coffee or simply “be”. All the while watching the miracle of nature bring forth an amazing harvest of fruits, vegetables, herbs and flowers.

“I already have a garden” you might say. I said almost those exact words a few years ago. What I did not already have was a network of amazing friends and acquaintances that all live within walking distance of one another. In other words, there is more to community gardening than simply gardening.

“To community garden or not to community garden?” If you need help answering this question for yourself, please drop by the Duggan Community Garden Annual General Meeting on Saturday, April 21st at 11:45 a.m. (in the Duggan CHommunity all) and learn how you might contribute our wonderful community, or simply meet some neighbours. We will even provide a snack and a drink.

Sincerely,

Bill Marshall

Chair, Duggan Community Garden

BEGIN SURVEY

BUS NETWORK REDESIGN

Edmonton's bus routes are changing. The new network focuses on connecting people to places and to each other.

The Bus Network Redesign is the first major action coming out of the [Transit Strategy](#). The new bus network, built with input from thousands of Edmontonians, reflects residents' priorities by delivering a bus service that meets the needs of more people.

SPRING 2018: DEVELOP THE BUS NETWORK

Starting in April 2018, we will start consulting Edmontonians, asking them to help us refine the new bus network by providing their feedback and sharing their local knowledge.

SUMMER/FALL 2018: REFINE THE BUS NETWORK

We will use the information shared by Edmontonians in the first round of engagement to refine the new bus network.

In the fall, we will check back with Edmontonians to share how we incorporated their feedback into the final bus network, and to gather final feedback.

2019: PREPARE THE BUS NETWORK

We will begin preparations to launch the new bus network. Work will include developing educational materials, creating new bus maps and making new bus stop signs among other things.

2020: ROLL OUT THE BUS NETWORK

We anticipate that the new bus network will be implemented In 2020.

CAT MICROCHIP CLINICS

To help increase the number of lost cats that are returned home to their owners, the [Animal Care & Control Centre \(ACCC\)](#) is launching a six-month cat microchipping pilot program. Beginning January 2018, cat licenses will include a microchip. Bring your licensed, crated cat into ACCC for placement of a microchip during one of our monthly Microchip Clinics. These clinics will be held once a month, for six months, on the last Thursday of the month.

If your cat isn't licensed you can purchase it that day. A City of Edmonton cat licence is just \$21 for a fixed animal. Government issued photo ID and proof of ownership is required.

85% of dogs admitted to ACCC are returned to their owner while only 16% of cats make it home. This is due to a lack of ID on cats admitted into the centre.

EDMONTON BIKE SWAP

Did you know that hundreds of bikes are dumped every week in our landfill?

The Bike Swap works with groups in your city so that these bikes get re-used and re-cycled so that there is less landfill burden. Please help us get the message out that we are a convenient place to donate a bike that will help out in your community.

The Bike Swap in Edmonton is a non-profit event that returns half the profit back to your community to fund safe cycling and make good tech-check bikes available. The other half of the profit stays in the bank to fund more bike swap events.

SOCCER NEWS

THAT'S A WRAP – DUGGAN SOCCER WRAPS UP THE INDOOR SOCCER SEASON

Brad Kring, Duggan Soccer Coordinator

Well, another successful indoor soccer season has come to a close for Duggan Soccer.

The 2017-8 indoor soccer season saw Duggan Community League sponsor five teams from U10 to U16. Our U13 (Murray – Tier 8) and U15 (Kring – Tier 5) boys teams both had successful campaigns. And three of our teams qualified for the Edmonton Minor Soccer Association (EMSA) City Finals tournament on February 24-25!

- U10 Girls (Burk) – Gold Tier 6
- U14 Girls (Molstad) – Bronze Tier 4
- U16 Girls (Molstad) – Silver Tier 6

And after winning bronze at City Finals in Tier 4 – the highest tier for EMSA's community soccer teams – Howie Molstad's U14 Girls team travelled to Okotoks for the Tier 4 Indoor Provincial Championships on March 17-18. The girls finished a very respectable 9th place in the province. Great job girls!

Duggan's teams also saw success at various tournaments throughout the season:

- U10 Girls (Burk) Silver, Polar Cup
- U14 Boys (Kring) Silver, SW Sting FC Family Day Cup
- U16 Girls (Molstad) Silver, FC Memorial Challenge

A hearty 'thank you' to our volunteer coaches, assistant coaches, team managers, equipment coordinators, and all other

parent volunteers that help make Duggan's soccer program a success. Without you, we would not be able to offer the children of our community the opportunity to be part of a team and to develop their skills and knowledge of the game of soccer. Thank you for your commitment!

Duggan Soccer is proud to provide an affordable and fun way for the children of Duggan and Empire Park to pursue their passion for soccer and to meet other children in their community.

Interested in indoor or outdoor soccer for your child? Visit the Duggan Community League website at <http://duggancommunity.ab.ca> (click on "Soccer") for details on Duggan's soccer program and how to register your child for the upcoming season.

The future is coming to your neighbourhood.

Dear Neighbour,

You might see more TELUS trucks in your neighbourhood than usual. They're not just installing the **TELUS PureFibre™** network throughout parts of Edmonton — they're revolutionizing the internet as you know it.

Once complete, the majority of homes and businesses in Edmonton will be able to connect to the 100% fibre optic network and experience internet reimagined.

The benefits include:

- The #1 internet technology for **speed and reliability**¹⁾
- **Crystal-clear video calls**, so you feel like you're in the same room
- **Uploads as fast as your downloads**, so you can share photos faster than you take them²⁾
- **4x the resolution of HD** with Optik TV[®] 4K³⁾

Plus, your property can gain value with TELUS PureFibre on board:⁴⁾

Businesses can operate at lightning-speed, too, giving them all they need to operate locally and compete globally.

In the coming weeks, a TELUS representative will visit you to discuss connecting your home or business. It's time to discover what's possible with a lightning-fast connection. It's time to discover the TELUS PureFibre network.
